Dear John:

In accordance with our telephone conversation yesterday, you will find enclosed our revised technical proposal 1167-B. This proposal covers the technical changes which resulted from the information supplied to us last week. *John*

The changes in recording technique and the resultant requirements for the equipment will substantially increase the component cost over our original estimate. It is planned to have a revised cost estimate in your hands within three weeks.

Due to the urgency and short delivery schedule, we are proceeding with the program on a maximum effort basis.

Sincerely,

25X1A
